Proficient Technologies

JavaScript

HTML

CSS

SQL

Node.js

Express.js

React.js

Docker

Amazon Web Services

Python

SUMMARY

Creative and quick-learning software developer fluent in all levels of the SERN tech stack (SQL, Express.js, React, Node.js). As a full-stack developer, I feel comfortable creating modern front-end designs as well as manipulating databases through server requests. I can confidently jump into a complicated existing code base and resolve issues alone, but I also enjoy working with a team of developers for larger projects. Embraces opportunities to expand technical expertise.

ENTERPRISE EXPERIENCE

Web Applications Engineer, Red Ventures Dec. 2018 – Present
- Proud member of the engineering team at CreditCards.com

FEATURED PERSONAL WORK

US Census Data Visualization, Full-Stack Web App
- Allows users to more easily navigate and analyze American city data. Specifically, the app leverages Chart.js for graphics, Sequelize for object-relational mapping, and Ava testing suite for test-driven development.

Compass, Full-Stack Web Application
- Empowers users with new tools for searching for film/television content. This web application uses some ES6 JavaScript features such as async/await functions when requesting data from the Gracenote API.

Freelance UX/UI Designer & Full-Stack Developer
- Creator of various static websites for individuals and small businesses, which utilized new JS & CSS libraries for the latest in vogue interfaces and style.

Texas Health and Human Services, Front-End Mobile Compatibility
- Provided fixes for bugs in the mobile display of the organization's homepage.

SKILLS
- Adept manager of repositories with Git version control via CLI, IDEs like WebStorm, and GUIs like SourceTree and GitKraken
- Expertise in deployment technologies, including Amazon Web Services (currently studying for the Certified Solutions Architect Associate Exam)
- Highly skilled at writing clean and readable code that explains its structure/logic

EDUCATION

The University of Texas at Austin, May 2018–Present
The Coding Boot Camp Certificate Program

The University of Texas at Austin, 2013–2016
Graduate - Bachelor of Arts in Government, Minor in Rhetoric and Writing
Cumulative GPA: 3.5

OTHER EXPERIENCE

Texas Health and Human Services, Rate Analysis Department
- Project Manager (Promotion)
  January–June 2018
- Rate Analyst
  January 2017–January 2018

The Brookings Institution, Research Intern in Governance Studies
Spring 2015 (Washington, D.C.)

Plus three other internships while attending university
Lieutenant Governor Political Campaign, Spectrum News' *Capital Tonight*, & Project Vote Smart
